After riding a short distance, they turned down by a road which led to the lake, which was now covered with so thick and solid a sheet of ice, that it was safe travelling upon it, and it was accordingly intersected with roads in every direction. They rode down at a rapid trot to the ice, followed by Franco, who was always glad to go upon an expedition. The road led them over, very nearly, the same part of the lake that Jonas had navigated in his boat, when he fitted a sail to it, --though now the appearances were so different all around, that one would hardly have supposed the scene to have been the same. There was the same level surface, but it was now a solid field, white with snow, instead of the undulating expanse of water, of...

Totally one of the better pdf I have at any time read through. It really is simplified but shocks within the 50 % from the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
