

Resolving Strong Field Dynamics in Cation States of Co2 Via Optimised Molecular Alignment

Filesize: 9.53 MB

Reviews

This sort of book is every little thing and got me to searching ahead and a lot more. This can be for all those who statte there was not a well worth reading through. I am just easily could possibly get a delight of reading through a published pdf.
(Floy Rolfson)

RESOLVING STRONG FIELD DYNAMICS IN CATION STATES OF CO2 VIA OPTIMISED MOLECULAR ALIGNMENT

To read **Resolving Strong Field Dynamics in Cation States of Co2 Via Optimised Molecular Alignment** eBook, make sure you follow the link under and download the document or gain access to additional information which are in conjunction with RESOLVING STRONG FIELD DYNAMICS IN CATION STATES OF CO2 VIA OPTIMISED MOLECULAR ALIGNMENT book.

Springer. Hardcover. Book Condition: New. Hardcover. 205 pages. Dimensions: 9.3in. x 6.3in. x 0.7in. This thesis presents an experimental study of the ultrafast molecular dynamics of CO₂ that are induced by a strong, near-infrared, femtosecond laser pulse. In particular, typical strong field phenomena such as tunneling ionisation, nonsequential double ionisation and photo-induced dissociation are investigated and controlled by employing an experimental technique called impulsive molecular alignment. Here, a first laser pulse fixes the molecule in space, such that the molecular dynamics can be studied as a function of the molecular geometry with a second laser pulse. The experiments are placed within the context of the study and control of ultrafast molecular dynamics, where sub-femtosecond (10-15 seconds) resolution in ever larger molecular systems represents the current frontier of research. The thesis presents the required background in strong field and molecular physics, femtosecond laser architecture and experimental techniques in a clear and accessible language that does not require any previous knowledge in these fields. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
