By Thomas Jones

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Book-Keeping and Accountantship, Elementary and Practical, Vol. 1 of 2 The design of the present work is to teach, by the shortest possible process, such parts of the subject of Book-keeping and Accountantship as are difficult to be mastered without a regular course of study, as Grammar, Arithmetic, or any other science. Great care has been taken to avoid wasting the pupil's energies on mere matters of detail, which require no teaching; every part of the process involves something important for the man of business to know, and which it would be almost impossible to acquire without previous study. It is generally conceded that the best school-book is the one which presents the exercises of the student according to the most logical arrangement of its elementary principles. When the first exercise prepares the learner to understand the second, and the first and second are required to understand the third, and so on, until the subject is exhausted, teaching can go no further - the rest is the legitimate work of the student. There are,...
