Createspace, United States, 2012. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Inner Landscapes is an invitation to join in a series of conversations about friendship, change, creativity and hope. Each chapter revolves around three concepts; inner landscapes, personal legends and defining moments. An inner landscape is a place of refuge we create in our minds, and, although it looks different for each individual, all inner landscapes have this in common: they are a place of power and a place of peace. A personal legend is developing who we want to be as we walk through the world, and defining moments are events in our lives that affect us to the core of our being and can be a catalyst for change. Throughout the book, readers are encouraged to join in the conversation by journaling at the end of each chapter.
